

LIVING CREATIONS

LIVING CREATIONS

**COMPANY
PROFILE**

About us

A humble beginning in September 1996, with a commitment to create dream space of your imagination to its perfection.

A truly professional team with unbroken attitude and committed to fulfil your aspiring designs at any condition at the minimum possible time.

Working in tandem with the architects and interior designers we strive relentlessly to translate their creations into reality. By not keeping ourselves confined to the role of mere executors we try to rise beyond the level of mediocrity with experienced & devoted craftsmanship.

We are one of the leading organizations engaged in Interior Decoration (False ceiling, paints, flooring etc.), Electrification and allied works, mainly in the eastern part of the country.

We are also the channel partners of the following multi-national company:

We are please to present a glimpse of our works.

SAFETY AND HEALTH PLEDGE

"On this Day, I solemnly affirm that I will rededicate myself to the cause of safety, health and protection of environment and will do my best to observe rules, regulations and procedures and develop attitudes and habits conducive for achieving these objectives.

I fully realise that accidents and diseases are a drain on the national economy and may lead to disablements deaths, harm to health and damage to property, social suffering and general degradation of environment.

I will do everything possible for the prevention of accidents and occupational diseases and protection of environment in the interest of self, family, community, organisation and the nation at large."

सुरक्षा एवं स्वास्थ्य के प्रति प्रतिज्ञा

"आज के दिन, मैं सत्यनिष्ठापूर्वक प्रतिज्ञा करता हूँ कि मैं पुनः अपने आपको सुरक्षा, स्वास्थ्य तथा पर्यावरण के बचाव के प्रति समर्पित करूंगा और नियमों, विनियमों तथा कार्यविधियों के पालन हेतु यथाशक्ति प्रयत्न करूंगा और निश्चित रूप से इन लक्ष्यों को प्राप्त करने के लिये प्रेरणादायक अभिवृत्तियों तथा आदतों का विकास करूंगा।

मेरी यह पूर्णरूप से मान्यता है कि दुर्घटनाएँ तथा विमारियों राष्ट्रीय अर्थव्यवस्था को दुर्बल बनाती हैं तथा यह विकलांगता, मृत्यु, स्वास्थ्य के लिये हानिकारक एवं सम्पत्ति की क्षति, सामाजिक कष्ट तथा पर्यावरण के अपकृष्ट का कारण बनती हैं।

मैं स्वयं अपने, परिवार, संगठन, समाज एवं राष्ट्र के हित में इन दुर्घटनाओं, व्यावसायिक विमारियों की रोकथाम तथा पर्यावरण के बचाव के लिये हर संभव प्रयत्न करूंगा।"

OUR BUSINESS OBJECTIVES

TO EARN PROFIT WITH CUSTOMER SATISFACTION BY PROVIDING SAFE WORKING PLACE AND ENVIRONMENT WITH PROGRESSIVE GROWTH AND DEDICATION TOWARDS BETTERMENT OF OUR EMPLOYEES BY USING MORE AND MORE ECO FRIENDLY TECHNOLOGY.

MANAGEMENT COMMITMENT

SHE POLICY

- Establishing & maintaining a healthy & safe working environment.
- Providing guidance & supervision to employees on occupational health & safety.
- Promoting awareness and including safety culture amongst the employees by educating & training to ensure that employees are competent to do their work.
- Ensure all kind of resources for implementation of health & safety policy.
- Striving for continual improvement through periodical review of health & safety management system to ensure its suitability, adequacy and effectiveness.
- To set objective-targets, develop, implement and maintain management standards and systems to go beyond compliance of the relevant industry standards, legal and others requirements.
- Health check-up of all employees at regular interval and awareness of OHS all employees.

SAFETY PRINCIPLE

1. Safety is a life management responsibility.
2. Primary goal of a workplace Safety Policy is to establish the expectation that it is the responsibility of all personnel to create and maintain a safe work environment.
3. The organization's Safety Policy should also address the organization's obligations under the Occupational Safety and Health Act to maintain a safe workplace.
4. The organization's workplace Safety Policy should require employees to use universal precautions when applying first-aid or providing personal care to clients or each other.

HEALTH & SAFETY TARGET

- Zero Accident
- Zero Prosecutions
- Reduce Sickness absence
- Improve reporting of accident/ near miss.
- Increase number of training programs in Health & Safety
- Improve Audit Score

EHS IMPLEMENTATION

EHS (Environment, Health & Safety) System Implementation	We adopt the best possible EHS methods by using environmental friendly raw materials as far as possible. Further we conduct regular health and safety training to our workers to attain maximum safety at workplace. Our Project Managers are well trained with the safety procedures and are responsible to ensure that the top most safety standards are maintained at site to ensure trouble free working atmosphere.
<i>Provide details of methodology adopted.</i>	1. Access: Access way around the work area shall be kept clean all the times & shall be indicated with lights and signages. 2. Alcohol and Non-prescription drugs: Alcohol and non-prescription drugs shall not be permitted. 3. Electricity: Temporary cables shall be, wherever possible, raised above the ground & portable lighting shall have the lamps protected by cages. 4. Fire prevention: The use of fire main and fire hydrant for supply of water and shall be used fire extinguisher in all the areas. 5. Floor openings: All flooring openings shall be covered or otherwise adequately protected to prevent persons falling. 6. Food consumption: Food shall only be consumed in designated areas & All food waste shall be removed immediately, in a hygienic manner, and shall not be allowed to accumulate.
	7. Gas Cylinders: All gas cylinders shall be colour coded in accordance with a recognised standard. Gas cylinders shall be stored and transported upright and securely chained to prevent falling. 8. General safety requirements: Obey all warning signs, Take care during the performance of their jobs and they do not endanger themselves or others who may be affected by their actions & Use the correct tools for the task and do not improvise. Also wearing of helmet is necessary. 9. Ladders: All ladders shall be of a material that is not electrically conductive. 10. Lighting: Where there is a risk of explosion intrinsically safe lighting shall be used. 11. Incidents: "An unplanned event due to an unsafe act or an unsafe condition or a combination of both, while at work or on duty, which resulted in or could have resulted in personal injury, property damage, work interruption or loss of production."

QUALITY ASSURANCE POLICY

Our organisation is responsible for providing Civil Construction and Interior Trunkey services, which includes Electrification, HVAC, Fire Detection, Fire Fighting, Plumbing – Sanitary, Networking, etc, as per the requirements of our various clients. Our commitment is to lead our organisation to excellence in the delivery of Quality services. We will ensure to execute the Projects so given to us with careful attention to our clients' satisfaction.

Our system covers all the activities, products and services of our organisation and our entire field based operations.

Our organization ensures the quality of all its services and has a total commitment to meeting clients' expectations.

To achieve this, we shall:

- Maintain our Quality
- Satisfy all applicable requirements throughout project delivery.
- Focus on our clients' needs and willingly explore new directions,
- Ensure client and other stakeholder satisfaction,
- Encourage a culture that demands consistence excellence; and
- Educate, train and motivate employees to carry out tasks in a quality responsible manner and ensure that a continuous professional development strategy remains core to our business goals.
- Drive business strategic goals via continual improvement of quality performance and achieving our quality objectives.

This Policy will be communicated to all staff, Sub-vendors and suppliers, to make them familiar to our commitment to our work.

THANK YOU

THANK YOU!
